helping you be the healthiest you

well baby

program overview

The Well Baby Clinic provides care for infants from birth to 2 years of age. The intention is to monitor your infant's growth and development, collaborate with your primary care provider and provide referrals to community programs and early intervention treatment services. At every visit, you and your child will see a Nurse Practitioner, Nurse, Dietitian, and Social Worker.

appointment topics:

- Physical and developmental milestones
- Nutrition and activity level
- Mother's mood and coping
- Support and education to parents and caregivers
